

## Grade 5 Registration – 2025/26 School Year

### Free choice of school

After the fourth grade, your child will attend the fifth grade of a secondary school.

In Wolfsburg, the majority of secondary schools are public, i.e. **run by the city**. In addition, there are schools **run by independent organisations**.

A **city-wide school district** applies to secondary schools. This means that if you live in Wolfsburg, you are free to choose a school for your child.

However, it happens that some schools have more applications than school places available.

At these schools, a lottery system must be implemented. Due to the lottery system, it may happen that your child does not get a place at the school of first choice. It is therefore advisable to think about an **alternative school** as a precautionary measure.

### Registration days in 2025

The registration days for the secondary schools **run by the city** (Integrated Comprehensive School, Hauptschule [secondary school], Realschule [secondary school leading to university], Oberschule, Gymnasium [grammar school]) will run from

**5-8 May 2025 (12:00 p.m.)**

The **late registration days** (in case of cancellations by lot) will take place from **19-20 May 2025 (12:00 p.m.)**.

You can find the registration days for **independent schools** by visiting:

<https://www.wolfsburg.de/schule>

### School locator (Schulfinder)

You can get an overview of all Wolfsburg schools and school profiles via the **QR code** or by visiting [www.wolfsburgerlupe.de](http://www.wolfsburgerlupe.de)

### All day

Like Wolfsburg's primary schools, all of Wolfsburg's secondary schools are all-day schools and offer a comprehensive range of educational and childcare services at no cost.

### Registration

When registering at the secondary school, the **original half-year report of the 4th grade** must be submitted. This remains with the school until written confirmation of admission.

**Important:** Please also bring the student's birth certificate with you to registration.

Simultaneous enrolment at several schools is not possible.
