

THE CHILDREN'S RIGHTS

The children's rights are laid down in the UN Convention on the Rights of the Child.

The UN Convention on the Rights of the Child was signed on November 20, 1989, by almost all countries (apart from the U.S.).

By children are understood all children and young people up to the age of 18 irrespective of their religion, origin and colour.

So the children's rights are valid for almost two billion children - that means: also for you!!!
